We want every day to be **memorable and fulfilled** at Craighead Care Home. Our aim is to **promote independence** where possible and **encourage residents** to focus on things they **can do**, instead of what they cannot.

We have dedicated Activity Co-ordinators who create a daily changing programme of events and activities. These are designed to respond to the interests of our residents, whether it is continuing hobbies, trying or learning something new: our aim is for residents to be as active and engaged as possible.

We focus on adding a positive feel to each day and making the most of every moment: resident well-being is our top priority.
